

VERMOUTH POP

THE VERMOUTH WITH AN EXTRA KICK

Perfectly balanced between a delicate bitterness and a subtle sweetness, it offers a distinctive style that goes beyond fashion.

Versatile and contemporary, Vermouth POP is more than an aperitif, it is a way of experiencing conviviality: it accompanies extensive conversations, spontaneous toasts, great occasions and even the simplest moments.

Our recipe is secret and combines Absinthe (*Artemisia Absinthium*) with rigorously selected botanicals and fruits to obtain a Vermouth with an unmistakable bitter character.
